Reviews

DEBUT Competition, 2020

Mit seinem fulminanten Auftritt mit der Eigenlob-Arie des Figaro *Largo al factorum della città* aus Rossinis *Il Barbiere di Siviglia* erntete er (Modestas Sedlevicius) in der TauberPhilharmonie Beifallsstürme, weil er nicht nur phänomenal sang, sondern es spektakulär vermochte, mit ironischen Untertönen den Körper inklusive der Augenbrauen im Takt vibrieren zu lassen. So hat man wohl den *Figaro* noch nie gesehen.“

Don Giovanni, Immling Festspiele in Halfling, 2019

Außer einer sehr schönen und klangrunden Baritonstimme brachte in der Titelpartie der Litauer Modestas Sedlevicius auch das für einen Don Giovanni nötige Charisma mit auf die Bühne. Es gelang ihm gut, die manipulativen, rücksichtslosen und egozentrischen, aber auch seine verwundbaren Momente sichtbar zu machen, dabei bot er mühelos ausgesungene Phrasen und gute Dynamik in Gesang wie Spiel.

Der Freischütz. Immling Festspiele in Halfling, 2018

Großartig allerdings der noble Modestas Sedlevicius in seinem kurzen, aber prägnanten Auftritt als Ottokar.

Il barbiere di Siviglia, Lithuanian National Opera, 2018

Modestas Sedlevičius delivered a sharp and funny Figaro. He's active, mobile, and has his own barbershop on wheels, which attracted everyone's attention just in time for his famous "Largo al factotum." His powerful and deep voice instantly and with no struggle filled the hall with vigorous vitality.

Orfeo ed Euridice, Immling Festspiele in Halfling, 2017

Hervorragender Orfeo. Diese Herrlichkeit hat noch einen zweiten Namen: Modestas Sedlevičius. Der litauische Bariton, hörbar liedgeschult, packt das gleißende Glück und den stechenden Schmerz des Orfeo wie selbstverständlich in seine großartig geführte Stimme. Edel, zupackend, vor Leiden und Leidenschaft sich verzehrend.

La Cenerentola, Teatro Filharmonico in Verona, 2016

Dandini era Modestas Sedlevicius, interprete assolutamente carismatico, la cui notevole presenza scenica non è forse stata adeguatamente valorizzata dalla regia. Il timbro è caldo e avvolgente, la dizione tutto sommato precisa e la voce ben proiettata.

Ben caratterizzato il Dandini elegante ed al contempo un po' guascone di Modestas Sedlevicius, sicuro nella linea di canto ed efficace nella caratterizzazione scenica.

Modestas Sedlevicius (Dandini) ha voce baritonale molto ben emessa e ottima capacità nelle agilità che unite ad una presenza scenica efficace ne facevano un personaggio convincente.

Ma la vera sorpresa di questa Cenerentola è il baritono Modestas Sedlevicius, un Dandini sicuro nella parte vocale quanto nel ruolo sulla scena...
